PROFESSIONAL SUMMARY

Motivated Full Stack Web Developer with expertise in JavaScript and the MERN stack. Proficient in creating efficient server-side APIs using Node.js and Express.js, while implementing responsive front-end components with React.js. Skilled in optimizing MongoDB queries for seamless integration. Strong problem-solving abilities and attention to detail for delivering reliable applications. A proactive and collaborative team player with a passion for staying up-to-date with the latest web development trends.

PROJECTS

1. Leno Flex ⏐ ⊕ ⏐ 🐙
HTML5 | CSS3 | Bootstrap
- Led the creation of the main content area of the homepage, ensuring accurate representation of text, images, and multimedia elements.
- Worked collaboratively with a team of five to develop a pixel-perfect design that closely mirrors the original Lenovo homepage.
- Implemented a sticky navbar using HTML5, CSS3, and Bootstrap to enhance navigation and improve user experience.
- Utilized strong front-end skills to develop responsive containers that adapt seamlessly across various device screens.

2. Travel With Us ⏐ ⊕ ⏐ 🐙
JavaScript | HTML5 | CSS3 | Responsive Web Design | | | |
- Implemented a dynamic footer in JavaScript for consistent and intuitive site navigation.
- Translated UX/UI designs into functional and responsive web pages, ensuring cross-device compatibility.
- Integrated dynamic content with frontend components, enhancing user interaction and engagement.
- Collaborated with team members to identify and resolve issues, debugging and maintaining the application.
- Optimized application performance, improving load times and overall user experience.

3. Ghaghara-Compilation-013 ⏐ ⊕ ⏐ 🐙
JavaScript | HTML5 | CSS3
- Implemented user login and authentication system ensuring secure access for users.
- Developed comprehensive product details pages to facilitate informed shopping decisions.
- Created cart functionality to allow users to easily manage their selected products.
- Integrated a dynamic carousel feature to showcase featured products effectively.
- Implemented access restrictions for logged-in users to provide personalized shopping experiences.
